

DESCRIPTION of SERVICES

Colon Hydrotherapy - AKA colonic irrigation or high enema is a practice which involves flushing the colon with warm water. The colonic removes a buildup of waste, which can be potentially harmful for digestive and general health. A prescription for Colonics as needed or a No Contraindications note on your Dr 's letterhead before appointment is recommended

Bio Energetic Synchronization Technique or B.E.S.T. The Emotion and Body Code & PSYCH-K + Polarity Therapy are non-forceful, energy balancing hands on or remote long distance procedures used to help reestablish & engage the full healing potential of the body. They are part of a natural health care system that works with the Human Energy Field. When energy is unbalanced, blocked or fixed due to stress or other factors, pain and disease arise. Blockages generally manifest in sequence from the subtle to the dense levels of the field. We seek to find the blockages and release energy to normal flow patterns, and to maintain the Energy Field in an open, flexible condition. Also to bridge the full spectrum of body, mind and spirit since the body is designed by nature to heal itself.

Q-2 Foot bath is an ion producing bath that, creates a life-enhancing field throughout the therapeutic bath. This field easily penetrates every cell of the body, providing an energy source to recharge the cells and optimize the cellular membrane potential. When the cells have enough energy and proper membrane polarity, they can function optimally, absorb nutrients and dispose of their normal metabolic toxins.

Infrared TheraSauna—A radiant heat sauna that warms the body muscles directly. Therefore, the body temperature will rise slightly, raising the heart rate to a mild aerobic range. Use of the TheraSauna may help with Detoxification, by purging accumulated toxins such as Pesticides, PCB 's Acidic waste and Prescription Drug residues, Killing Bacteria and Viruses, Stimulating the Immune System and Increasing Circulation. Speeding up metabolism can help burn <600 Cal per session while improving Skin Tone and assisting in Reducing Cellulite. Relief from Arthritis, Fibromyalgia and Lyme have also been reported.
